THE TECH

VOL. XXVI. No. 72 BOSTON, MASS., FRIDAY, APRIL 12, 1907 PRICE THREE CENTS

"STEIN SONG" BARRED OUT.

Considered Improper for Concert in Methodist Church.

That there should be any objection to the Technology Glee Club's singing Bullard's "Stein Song" at a concert held in a Methodist Church would never have occurred to most Tech men. Yet that is just what the Musical Clubs found to be true at their concert in Newtonville Wednesday evening. The "Stein Song" was to have been the final number of an excellent and highly appreciated progam; but "The Mulligan Musketeers" was substituted at the last moment by special request of a prominent member of the Massachusetts Anti-Saloon League and several zealous members of the Women's Christian Temperance Union present in the audience.

In all other respects the program was that to be followed in the Spring Concert, where the "Stein Song" will be sung unless the student body rise in protest. The hit of the evening was made by the Mandolin Club, both their numbers being twice encored. Fales was also called back repeatedly for banjo solos.

The program follows:

"The Drum" Gibson
Glee Club
Selection from "Faust" Gounod
Mandolin Club
'Cello Solo, "Simple Aveu" Thome
Mr. Abbott H. Thompson
Glenside March arr. by Lansing
Banjo Club
Rockin' in de Win' Neidlinger
Glee Club
Banjo Solo, "West Lawn Polka" Glen
Mr. Otis G. Fales
"Iola" Johnson
Mandolin Club
Solo Selected
Mr. Wm. B. Jenkins
Indian War Dance Lansing
Banjo Club
"The Mulligan Musketeers" Atkinson
Glee Club

CIVIL ENGINEERS DINE TONIGHT.

The tenth annual banquet of the Civil Engineering Society will be held at the Copley Square Hotel this evening at 7.30 P.M. All members of the Society are cordially invited to attend the banquet, which promises to surpass in point of numbers and enthusiasm even that of last year. The list of speakers is exceptionally good, and all who go can be be sure of a rousing good time.

Tickets can be had in the fourth-year drawing room from Albro or Allen; in the third-year drawing room from Allen, Boylston, Gerrish, or Orr.

NEW YORK CLUB DINNER.

The New York Club held its second annual dinner at the Union Wednesday evening. About thirty members were present, and they elected officers for next year, as follows; C. W. Coffin, President; C. J. Belden, Vice-president; C. Kurtzman, Secretary; G. W. Cooke, Treasurer; F. J. Friedman, and H. E. Botsford, members of the Executive Committee.

A resolution was passed thanking the retiring secretary, L. A. Freedman, for his services, and recognizing him as the founder of the club.

PICK TEAM AT SPRING MEET.

Coach Mahan Outlines Method to be Employed in Selecting Track Team.

Coach Mahan has written to the TECH a letter in which he outlines the policy to be followed in picking the track team this year, and in which he lays especial stress on the importance of the Spring Meet, to be held a week from tomorrow. A portion of the letter follows: "The winners of the first, and second, and third places in each event of the class games are the men who will make up the varsity team for this year. If every candidate has not made his best effort in training previous to these games there will be more or less dissatisfaction with the result, as this will be the only chance to make the team.

"In order that every man may have a fair try at more than one event, the trials for the 100 and 220-yard dashes and for the high and low hurdles will be held on Thursday, April 18, at 4.45 P.M. In this way all those who do not qualify for the final heats in these events will have a chance to enter other events on Saturday, the day of the games. This will give an opportunity for many men to enter events such as the 880-yard run and the broad jump, in which the Tech team has been weak in the past two years."

Coach Mahan further says, "The distance runs are sure to be worth going to see, as the competition in the one and two mile runs will be keen. A few of the older men who are showing a disposition of overconfidence and neglecting their training will meet some surprises from some of the many younger candidates who are working more faithfully. In the mile there is splendid material. Buckingham and Chapman are both experienced men, but the form which Howland, '08, and Mills, '10, are showing is excellent, and these men are sure to push the veterans to their very best to hold their places on the team. In the two-mile run the competition is even keener, and MacGregor and Callaway will be forced to beat out such men as Howland, Udale, and Huber.

"As to the selection of the men for the various meets this spring, the winners of the first three places in the spring games will be allowed to start in the dual meet with Brown. The men who make a showing in this meet will be taken to Worcester for the Intercollegiate Meet on May 24 and 25. Only the winners of the first two places in the class games will be taken on the trip to Orono to compete against the University of Maine.

"Every day's training now means so much better form a month from now in these collegiate contests, and if the weather makes training at the Field impossible, a little work in the Gym with a short run on the road will be a great help in the trials on the 18th and 20th of this month."

At the University of Minnesota the upper-classmen are thinking of having another rush at which they will charge admission in order to pay for the property damaged in a previous fight.

STRONG JUNIOR TEAM.

Veteran Class Champions again on the Diamond. May Play Faculty.

For a third season the Juniors will have a strong baseball team on the diamond. For two years this class has turned out a championship team, winning not only the class contests, but games with some of the strongest teams around Boston. In the first two class games this year the Juniors have shown their strength by defeating the Freshmen and Sophomores.

Manager Daley is attempting to arrange a contest for his team against one made up of members of the Faculty. At a class dinner last winter Professor Wendell spoke on the athletic ability of certain members of the instructing staff, and expressed an opinion that the Professors could get together a team that would be able to defeat the champion Juniors. This statement ManagerDaley took as a challenge, and has asked that the Faculty make good the statement.

It is not known who would be on the Faculty team, but it is known that several of the Professors were crack baseball players in their college days. Bursar Rand put up a good game in his law school days, and was later a member of the Northern Vermont League, playing short stop on the champion team one season. He is willing to play on the Faculty team if one is made up. Prof. Wendell feels doubtful about the formation of the team, but did not deny the possibility.

All but one of the veterans are back on the Junior team. D. B. Myers has been lost on account of his trip to the Aleutian Islands with Professor Jaggar. The first outside game comes on Saturday with Somerville High School.

The schedule is April 13, Somerville High; April 20, Milton Academy; April 27, Lowell Textile School; May 4, Thayer Academy; May 11, Winchester High; April 18, Waltham High. All of the games are on the opponents grounds.

RELAY TEAM CHOSEN.

Final trials for the team to represent Tech at the Pennsylvania Relay Carnival were held at the Field yestereay afternoon. The distance was 400 yards, and a dozen men ran. The track was heavy and the times slow. The men chosen were H. W. Blackburn, '08, H. J. Wertheim, '09, G. S. Gould, '07, C. W. Gram, '09, and B. L. Gimson, '08, substitute.

DR. ALEXANDER SPEAKS.

"It is easy to find men, but hard to find a real man, and still harder to find ourselves," said Dr. Alexander at the Y. M. C. A. meeting yesterday. He illustrated how the buffets of the world will help us to find ourselves by telling Kipling's story, "The Ship that Found Herself," and quoted Lowell's words, "Christ is the discoverer of the human soul," adding that we must keep in touch with Christ to be discovered to ourselves.

CALENDAR.

FRIDAY, APRIL 12.

4.00 P.M. Mandolin Club Rehearsal in 31 Rogers.
4.00 P.M. Baseball — Course V vs. X at the Field.
4.15 P.M. Glee Club Rehearsal at the Y. M. C. A.
4.15 P.M. Tech Show Chorus Specialties Rehearsal at the Union.
4.00 P.M. *Technique* Electoral Committee Meeting in 36 Rogers.

SATURDAY, APRIL 13.

2.00 P.M. Riffle Club Shoot at Walnut Hill.
2.00 P.M. Baseball — 1908 vs. Somerville High at Somerville.
2.00 P.M. Baseball — 1909 vs. Ballou and Hobigand at the Field.
2.07 P.M. Cross Country Squad leaves Trinity Place Station for Hare and Hound Run at Wellesley.
2.30 P.M. Tech Show Principals and Chorus Rehearsal at the Union.

MONDAY, APRIL 15.

1.00 P.M. Meeting of the Board of Editors of THE TECH in 30 Rogers.
4.00 P.M. Banjo Club Rehearsal in 33 Rogers.
4.00 P.M. Mandolin Club Rehearsal at the Y. M. C. A.
4.10 P.M. Prof. Swain's Reading in 11 Eng. B.
4.15 P.M. Tech Show Chorus Rehearsal at the Union.

FACULTY NOTICE.

Economics of Corporations.— There will be no exercise in Economics of Corporations on Friday, April 12, at 10 o'clock.

Seniors.—By applying at 16 Rogers Seniors may obtain any papers written by them and now in the hands of the English Department.

Fourth Year. — There will be a special examination in Foundations on Saturday afternoon, April 20, from 2-4, in 30 Engineering A.

Second Year English.—The hour examination in Second Year English for Courses VI, VIII, and XIII (Professor Bates and Professor Pearson) is postponed from Friday, April 12, to Wednesday, April 17, at 12.

NOTICES.

Electoral Committee. — There will be a meeting of the 1909 *Technique* Electoral Committee in 36 Rogers this afternoon at 4.00 P.M.

Lost.—The minutes book of the Mining Engineering Society was left at the Union some time ago. Will the finder please return same to the Cage.

TO CONTEST FOR "PARIS PRIZE."

As a result of the second preliminary competition for the "Paris prize" of the Society of Beaux Arts Architects of New York, Andrew Rebori of the Department of Architecture of the Institute was one of the five men to be placed for the final competition. The other four men are T. S. Wagner, O. R. Eggers, H. Wenzell, and G. R. Klinhart, all of the Atelier Hornbostel, New York.

These five men are to go into the final competition which will probably be the finished drawings of some large and important problem. Last year's competition was won by Hirons, a former student of the Institute.

THE TECH

Published every Monday, Wednesday, and Friday during the college year (from September to June), by students of the Massachusetts Institute of Technology.

Entered as second-class matter October 6, 1904, at the post office at Boston, Mass., under the Act. of Congress of March 3, 1879.

Friday, April 12, 1907.

That the Institute team is to have an easy time winning the dual meet with the University of Maine seems the prevalent idea among the undergraduates. Such confidence seems to us unjustified. Not only do the Orono men have every opportunity for practice, assuring a strong team, but Tech will have at most only two men in each event. With Maine starting four men in each contest, Tech will be forced to win a first in every event, an almost impossible feat.

"With a stein on the table,
And a good song ringing clear."

Steins and Morals.

This phrase has proved strong enough to raise in arms the Massachusetts Anti-saloon League and the Women's Christian Temperance Union, bringing to our attention the startling fact that Tech's favorite song is barred among respectable audiences, and showing that wickedness is rampant in our very midst. It might have excited no comment had the wording been, "With a tea-cup on the table," but the mere mention of such a disreputable object as a stein seems to be considered by some folks as dangerous to the morals of youth.

Strangely enough we are unable to attain the viewpoint of the good people who watch and ward over the morals of Newtonville. Either our morals have been too far warped by Kommers and class dinners, or else we are troubled with some form of "dementia Americana" that biases our views.

The fact remains that the song failed to pass the strict censorship of these societies with the long names, and the youth of Newtonville were saved from the danger of corruption by the substitution of that devout old hymn, "The Mulligan Musketeers."

MECHANICALS ELECT OFFICERS.

The Mechanical Engineers Society held a smoker and business meeting at the Union last evening. Mr. J. C. Callan, a representative of the General Electric Company spoke on Curtis Turbines.

After the reading of the reports by the various officers, the election of new officers took place resulting as follows: President, R. A. Angus, '08; Vice President, C. G. Jerden, '08; Secretary, C. M. Steese, '08; Executive Committee, H. E. Allen, '08, H. R. Callaway, '08, and M. J. Turnbull, '09.

It was voted to present President Labbe with a gavel as a token of appreciation of his services during the past year.

Mr. Callan concluded with a comparison of the performances of turbines and reciprocating engines. This comparison was accompanied by slides illustrating turbine stations in different parts of the country.

SHOW POSTER PICKED.

The Show's poster competition this year has been very satisfactory. Eight posters were handed in, and of these four were available for use. It was only with considerable difficulty that the Management succeeded in making the final choice. However, considering the design, the coloring, and the advertising value of the different drawings, that submitted by S. R. T. Very, '07, was finally selected.

Drawings were received from students in all the classes. The drawings were all good and the competition was particularly interesting because last year it was necessary to go to a professional to get a poster which was not as good as at least three of those handed in this year.

Amateur Photographers ATTENTION!

The Best Developing paper for Amateurs, "Cyko," will be demonstrated April 12, 13 and 15th from 9:30 A.M. to 5:00 P.M., at

PARK THEATRE.

Robert Edeson comes back to Boston for a farewell engagement in "Strongheart," and like all the others this one will be played at the Park Theatre. Mr. Edeson has the best picture of college life ever placed upon the stage and all Boston has gone enthusiastic over it. The central character is a young Indian, a famous football player, and in one of the scenes the audience gets all the excitement of a real game, for the action takes place in the quarters of the eleven just beside the gridiron.

COLONIAL THEATRE.

Fay Templeton is back again in Boston and at the Colonial Theatre she will show her charms in "Forty-Five Minutes from Broadway," while all Boston will be started whistling "So Long, Mary," just as it was when she was here for the first time in this play. She is a prime favorite as a comedienne, and she has never had a success that fitted her better than this musical comedy by George M. Cohan. It is a lively work, and its slang and its music are quite enough to pack the Colonial.

NEW SUPERHEATER FOR TECH.

A superheater of large capacity is to be installed in the Mechanical Engineering Department. It will be of American make, and will superheat 10,000 pounds of steam per hour, delivering at 250 degrees Fahrenheit, and at 250 pounds pressure to the square inch. It will be placed in the vacant space just beyond the old boilers and will discharge its gases into the old stack on Engineering A. The lower passages will be of Shelby drawn tubing, especially made for the Institute, while the upper passages will be of the ordinary tubing. In securing this superheater, which is probably the largest installed in any technical school in the United States, the Institute will be in a position to supply steam to a 500 kilowatt turbo-unit.

The Amherst College faculty committee voted not to permit Amherst to play baseball with Brown this spring. The football game for next year will also be forbidden. The committee desires to eliminate the commercial side from college contests.
